By Felicity Durham

Speechmark Publishing Ltd, United Kingdom, 2005. Mixed media product. Book Condition: New. 1st New edition. 375 x 253 mm. Language: English . Brand New Book. StoryBoards is a simple and fun game resource to help children with language and communication difficulties develop their narrative skills. Using game boards and colourfully-illustrated picture cards, StoryBoards helps children to visualise and practise telling a story through identifying the essential elements, how these should be sequenced and providing a basic vocabulary. There are 6 story elements colour coded for ease of identification: Location; Time; Transport; Object; Feelings; and Weather. By picking story cards from the different sets, stories can be silly or sensible and children can either stick with their choices or negotiate for a change, which encourages discussion and reasoning. For example, if a child is going to the zoo, would they travel there in a submarine? Hugely flexible, other activities include: Throwing a story; Lotto; Vocabulary ladders; and Asking questions. StoryBoards can also be used for news time; preparation for visits or holidays; and narrative development. A structured and accessible resource, StoryBoards is ideal for use with individuals or groups by teachers, speech language therapists and teaching assistants working with young children....
